

B255

Comprehensive Power Tool & Appliance Safety Tester

Key Features

- The robust workhorse for the rental sector and equipment service departments.
- Simple clear controls.
- Used by thousands of Technicians throughout the world.
- Unsurpassed reliability and value.
- Provides a full suite of electrical safety tests including Earth/ground bond, hipot/flash testing load/run and leakage testing.

Recognised as the industry standard and product of choice for the hire/rental and service/repair industries. The B255's simple and straightforward operation, compact design and comprehensive range of measuring functions make it the leader of its class.

The B255 is recognised as the work horse of the testing industry. It has a strength of construction that makes it ideal for the most arduous environments.

With the ability to perform five different tests, the B255 helps ensure compliance with International standards for Class I and Class II products, including EN60335, EN61029, EN60065, EN50144 and EN 60745.
