

Product Data Sheet

CHEMSOFT

Safety Products

Description: CHEMSOFT Blue, special formulated Nitrile rubber gloves that offer stretch and flexibility of nearly natural rubber gloves, but provide the mechanical and chemical resistance of Nitrile. A textured finish provides extra grip in wet or dry conditions. Ideal for use with certain solvents and several other chemicals. Furthermore these gloves comply with the American USDA and FDA regulations, which means they are accepted for contact with food.

Materials: Specially formulated blue Nitrile, designed to be softer than other Nitrile gloves.
